

OSM - SAFETY AND THE SUPERVISOR

SAF7005

PURPOSE: This workshop introduces you to key elements of supervisor responsibility and accountability: Maintaining a safe and healthful environment; conducting safety training; providing safety supervision; enforcing safety rules. Through team exercises and discussion, you will gain valuable insight into the role of the supervisor as a manager of safety and health programs and a leader in safety. Please participate fully and enjoy the class.

LEARNING OUTCOMES: At the end of the period of instruction with 100% accuracy, the student will:

- Detail the supervisor's responsibilities to provide a safe and healthful workplace.
- Describe the key elements of safety supervision.
- Discuss supervisor responsibilities for safety training.
- Describe supervisor responsibilities for safety enforcement
- Identify the OSHA standards describing employer and employee responsibilities.
